

My GIS Project Competition

My GIS Project is a competition that aims to showcase how Geographic Information Systems (GIS) can be applied in various areas of our life. Participants should demonstrate how they have used, or plan to use GIS concepts in their university projects.

Who can participate?

Open to all postgraduates, individuals or teams, of public and private universities in Egypt, who are applying GIS concepts in their projects.

How do I participate?

Prepare a PowerPoint presentation of maximum ten minutes, explaining how you utilized, or plan to utilize GIS concepts in your project, and the benefits of doing so.

How do I submit my presentation?

Submit your presentation on a CD to one of the contacts below. The deadline for the submission is **Sunday, 12 December 2010**.
